

IMPROVING YOUR PERSPECTIVE

Part 5 - Powerful Seeds

BELIEVE THE SEED PRINCIPLE *(Galatians 6:7-10 NKJV)*

- Sowing and reaping is a God ordained principle, a law in the earth
 1. Destined to continue as long as the earth remains
- Don't have to understand it to have it work for you *(Mark 4:26-29 NKJV)*
 1. Recognize that it works
 2. Recognize that it takes time - seeds are not instant
 3. Harvest when it's the right time, allow for growth
- Seeds are powerful *(Mark 4:30-32 NKJV)*
 1. Tiny seeds can produce big plants
 2. Easy to underestimate seeds as too little *(1 Peter 1:23 NKJV)*
- Seeds produce after their kind *(Genesis 1:11-12 NKJV)*
 1. No mystery about what a seed will produce - we don't wonder

WHAT KIND OF SEEDS DO WE SOW

- Financial seeds *(2 Corinthians 9:6-7 NKJV)*
 1. How we sow determines how we reap
 2. Sowing seeds is a different concept than simply giving money away
- Spiritual or flesh seeds (actions)
 1. Seeds of hate, envy, strife, selfishness are not going to produce a good harvest
 2. Seeds of love, kindness and goodness are an excellent strategy *(Luke 6:31 NKJV)*
- Words are seeds
 1. Jesus said that God's words are seeds that can produce in our lives *(Luke 8:11&15 NKJV)*
 2. Our words are seeds *(Proverbs 18:21 NKJV)*
