

# **WHAT KIND OF GOD?**

## **Part 3: A God Who Cares**

### **WHEN THERE IS CARE**

- Care: To be concerned and interested in
  1. There is confidence in the relationship
  2. There is more of a tendency to believe the best
  3. There can still be problems but they are worked through
- When you have a God who cares
  1. We can not determine God's care looking at the problems
  2. Believing in a caring God is a faith position **(1 Peter 5:7 NKJ)**

### **THE CARE OF JESUS (Mark 6:34-44 NKJ)**

- He cared about spiritual and natural needs
  1. He had compassion and taught them
  2. He did not want them to walk home hungry - so He fed them
- He asked the disciples for what they had
  1. This was not beyond their ability
  2. They had to turn loose of what they had
- He provided more than enough
  1. People ate until they were filled
  2. Still an abundance left over

### **WITH A GOD WHO CARES FOR YOU**

- He will help with spiritual and material needs **(Philippians 4:19 NKJ)**
  1. Not just interested in your church life
  2. Recognize that teaching is caring - Jesus fed spiritually first
- He will work with what you give Him
  1. It's a trust thing **(Galatians 5:7 NKJ)**
  2. What we hold onto is not enough
- God cares enough to...
  1. Help you barely get by?
  2. Give you enough to fill you?
  3. Supply enough for you and for plenty left over? **(Ephesians 3:20 NKJ)**
